

What Assessments Do I Need to Take?

The Ohio Assessments for Educators assess the content-area and professional (pedagogical) knowledge of candidates who are seeking initial Ohio educator licensure or adding a new licensure area. The assessments are aligned with Ohio Academic Content Standards and Common Core State Standards. Ohio licensure candidates are required to successfully complete only ONE assessment of professional (pedagogical) knowledge for their first license. The addition of other licensure areas or endorsements will require only successful completion of the associated content-area assessment.

Beginning in September 2013, the Ohio Assessments for Educators will begin to replace the Praxis II series as the required Ohio educator licensure assessments, except for world languages, which will continue to utilize the ACTFL Oral Proficiency Interview (OPI) and Writing Proficiency Test (WPT).

The table below maps each Ohio licensure type to its corresponding assessment in the Ohio Assessments for Educators program.

For more information regarding Ohio licensure requirements, visit the [Educator Licensure](#) page on the Ohio Department of Education website.

Licensure Area & Grade Level (Broad Category)	License Type	OAE Pedagogy Assessment	OAE Content Assessment
Early Childhood (PK–3)	Early Childhood (PK–3)	001 Assessment of Professional Knowledge: Early Childhood (PK–3)	012 Early Childhood Education
